

Press Release

Race Engineering Offers Contingency for 2008 NASA SE Spec Miata Series

Atlanta, GA, March 12, 2008: Bob Thornton and Race Engineering will be offering contingency to competitors in the 2008 NASA SE Spec Miata regional championship. The payouts are as follows:

- 1st place in series - \$500 cash and longblock RE engine
- 2nd place in series - \$300 cash
- 3rd place in series - \$200 cash

\$1000 dollars in prizes will also be given away at the different events.

Additionally, an RE prepared Miata cylinder head will be raffled off at the end of the year. Each sprint race entry will provide a competitor with a ticket to use in the raffle. The more entries the greater chance at winning!

Race Engineering is a leading manufacturer of race winning motors for Spec Miata competitors. Drivers that have used their products include:

- Bob Thornton - 2007 SM SARRC Champion and 2007 CCR Driver Of The Year
- Mark Pombo - 2007 SE Division NATIONAL Champion
- Mathew Pombo - 2007 SE Division NATIONAL 2nd Place
- Tyler Dahl - 2007 M.P.R.A SM Champion
- Derek Ketchie - 2007 SIC 1st
- Mark Bennet - 2007 NASA NATIONALS 2nd place
- Mark Bennett - 2007 Central Division NATIONAL Champion
- Rich Hromin - 2007 NASA Mid-Atlantic Spec Miata Challenge Championship
